

MWPARC Travel Grant: Brodman Student Travel Award

This grant aims to offset transportation costs associated with traveling to present at the 2025 KHS Conference co-hosted by MWPARC . Conference travel can be costly and may restrict the ability of students to gain valuable presentation and networking skills at scientific conferences.

This grant is intended to help students who might otherwise be unable to cover the total travel costs of their conference. Students who have other means of covering those costs are asked not to apply.

Eligibility: Applicants must:

1. Be an enrolled student (high school, undergraduate, or graduate) or have graduated within one year of the application submission date
2. Be a member of MWPARC (free to join by signing up at: <https://www.mwparc.org/get-involved>)
3. Be a U.S. citizen or resident alien (non-residents are not eligible due to federal regulations).
4. Be attending *and* presenting at the 2025 KHS Conference co-hosted with MWPARC.

Applications: An application form that includes the student's name, proof of conference registration, address, contact information, and school information shall be required (see below).

Awards: The travel grant totals \$230.

Judging: A MWPARC advisory board member and the Treasurer will review applications to determine if the eligibility requirements listed above have been met. Eligible applicants will be randomly selected to receive the available travel grant. Final selection will be approved by the full MWPARC advisory board.
